CRISTAL-FLO™ SAND FILTERS

FOR ALL THE RIGHT REASONS...

Sand filters are one of the most popular ways to filter water. They are simple, effective and require very little attention. Pool water is routed through a sand-filled pressure vessel. The sand traps particles large and small... But not all sand filters are created equal. Through innovative engineering, the **Cristal-Flo™** filter's dirt-handling capacity is maximized, which extends the time between cleanings (backwashing). But best of all, the **Cristal-Flo™** is now also available with ClearPro Technology® to make your pool water sparkle in the sun and shimmer in the moonlight.

- Available with ClearPro Technology®: A patented technology to reach a very fine level of filtration, 4 times better than with a conventional sand filter. As a result the water is of crystal quality. ClearPro approaches DE filter clarity with sand filter functionality.
- Tank shape, internal component design and even hydraulic flow have been engineered to maximize filter performance and extend the time between cleanings.
- One-piece, corrosion resistant, extra-thick molded thermoplastic tank, which ensures many years of service, no matter how harsh the climate.

CRISTAL-FLO™ SAND FILTERS

HIGH RATE SAND FILTER

- Ease of maintenance thanks to the large filter opening and drain port with hand tight threaded cap
- Stainless steel, one-piece clamp connection
- Provided with a convenient large tank winterizing drain and a continuous air relief system
- Maximum working pressure bar : 2.5
- Available in top mount or side mount version with or without ClearPro Technology®
- Top mounted or side mounted, corrosion resistant, multiport selector valve included
- 5-year limited warranty (shell only)

CRISTAL-FLO	CRISTAL-FLO CLEARPRO	Filter Diameter (mm)	Flow Rate (m ³ /h)	Filter Area (m ²)
T-380	T-380-CP	380	5	0.12
T-430	T-430-CP	430	7.4	0.15
T-500	T-500-CP	500	9.8	0.20
T-600	T-600-CP	600	14.2	0.29
T-760	T-760-CP	760	22.5	0.45
SM-430	SM-430-CP	430	7.4	0.15
SM-500	SM-500-CP	500	9.8	0.20
SM-600	SM-600-CP	600	14.2	0.29
SM-760	SM-760-CP	760	22.5	0.45

Sta-Rite™ innovation takes sand filtration technology to the next level by delivering superior quality, performance and value at an affordable price.
