

Clean & Clear Plus

Cartridge Filter

ENGINEERED FOR PERFORMANCE.
DESIGNED FOR SERVICE.
CRYSTAL CLEAR RESULTS.

► **Clean & Clear Plus** Cartridge Filter

ENGINEERED FOR PERFORMANCE.
DESIGNED FOR SERVICE. CRYSTAL CLEAR RESULTS.

Introducing the next generation of Clean & Clear Plus – combining the proven performance of a four-cartridge filtration system with two major innovations: integrated Pleatco Ultra technology and a redesigned clamp system engineered for simpler, faster service operations

Designed to maximize filtration efficiency and ease of maintenance, Clean & Clear Plus delivers superior dirt capture, extended cleaning cycles and long-term reliability – ensuring consistently crystal-clear water and a better overall pool experience.

Superior Filtration Performance

4-cartridge design for increased filtration area

Now equipped with Pleatco Ultra technology

Enhanced dirt capture, longer filtration cycles and consistently crystal-clear water

Simplified Serviceability

New cast clamp with step-by-step guidance

Easy access for cartridge cleaning

Faster, easier and safer maintenance for pool professionals

Durable & Stable Design

Corrosion-resistant, fiberglass-reinforced tank

Single-piece base and body construction

Long-lasting strength, superior reliability and enhanced stability

Technical specifications

- Single-piece base and tank: Fiberglass-reinforced polypropylene provides strength, corrosion resistance and stability.
- 63 mm plumbing: For maximum flow and faster water cleaning.
- 4-Pleatco cartridge design: Enhanced dirt capture, longer filtration cycles and consistently crystal-clear water.
- Internal air bleed: Continuous internal air bleed helps prevent air buildup to keep the filter operating at peak performance.
- Simplified Cast Clamp: Allows a simplified and secured access to internal parts.

Part Number	Description	Filter Area (m ²)	Optimal Flow rate (m ³ /h)	Maximal Flow rate (m ³ /h)	Vertical clearance required (mm)	Turnover capacity (m ³)		
						6H	8H	12H
160483	CNC PLUS 320	29.7	14 – 18	27.2	1575	164	218	327
160484	CNC PLUS 420	39	20 – 24	34	1727	204	273	409
160485	CNC PLUS 520	48.3	30 – 32	34	1880	204	272	409
