MAGICSTREAM LAMINAR

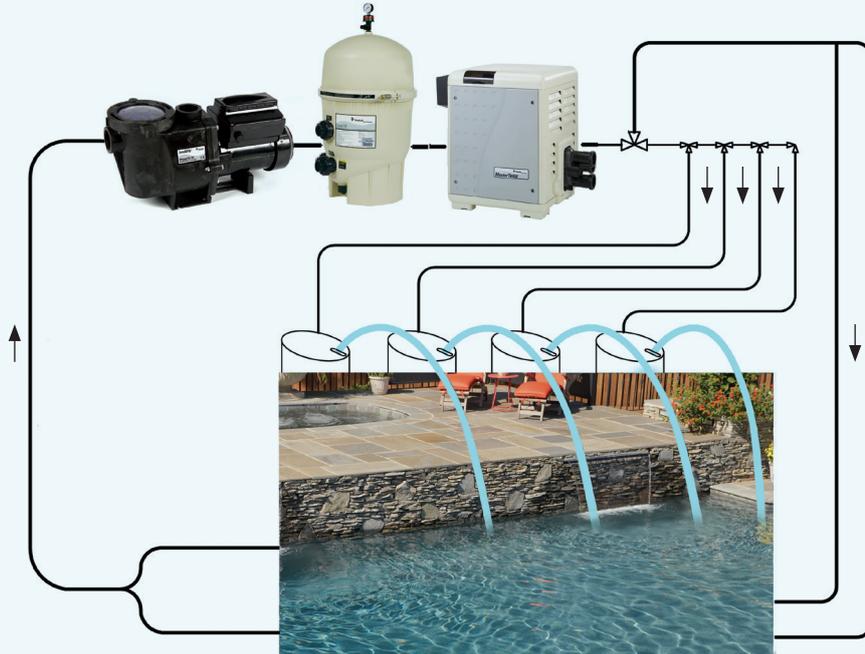

CRYSTAL CLEAR BY DAY, DRAMATIC COLOR AT NIGHT

MagicStream laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly colored with a LED light source. The result is a water effect that adds an elegant bit of entertainment to your poolscape.

- Water arcs reach up to 2 m high and project out 2.5 m into your pool.
- Installation is made flush to your deck or other surface; no unsightly or unsafe edges, just the magic of water erupting from a hidden source.
- Nighttime color effects include the ability to hold a steady color or scroll through a range of available colors. A microprocessor-controlled, color-changing LED lighting system is at the heart of the MagicStream Laminar. It has three distinct programs: synchronized, random, party and can freeze on a single color.

TYPICAL LAMINAR INSTALLATION

ENHANCING THE EXPERIENCE

MagicStream laminars clearly add to the sights of your backyard sanctuary. But, they also provide a gentle, soothing auditory experience as the stream gently enters your pool.

Additional features include :

- Easily adjustable in two ways; vertically to create different heights and arc shapes, and left and right to change the direction of the arc. Get creative by varying individual stream's height, arc shapes, direction and color.
- Comes fully assembled and ready to install. To create spectacular nighttime effects, a LED light engine is included. Simply add plumbing and a 12V pool transformer to provide power.
- Designed for easy removal and replacement.
- 2-year limited warranty.

MAGICS FALLS WATER FALLS

THE BEAUTY AND INTRIGUE OF FALLING WATER

Perhaps no other feature contributes more to the beauty and tranquility of your pool landscape than the sight and sound of falling water. MagicFalls water effects can help transform your pool into a romantic oasis, a playful family water park, or a breathtaking focal point. No wonder that they are one of the most popular accessories in today's most elegant backyard retreats. The many options available allow you to integrate these mesmerizing water effects in either dramatic or subtle ways that transform any pool environment from great to spectacular.

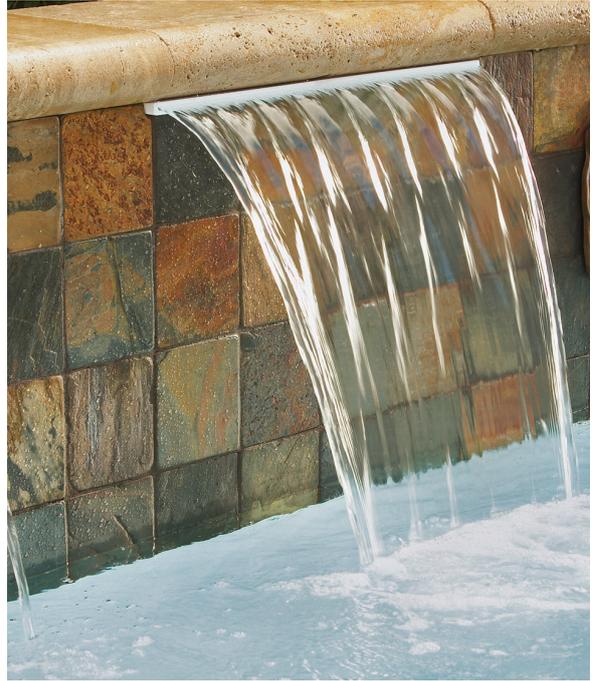

- Choose from a variety of effects-sheet, rainfall, arc sheet and arc rainfall.
- Individual water effects are available in different widths (300, 450, 600 or 900 mm) - Depth is 150 mm.
- Pressure specifications: for every 300 mm width of waterfall, the minimum waterflow is 2.3 m³/h - the recommended flow per 300 mm is 3.5 m³/h.
- All connections are 1.5" (ABS), supplied with a 50 mm slip fit adaptor (PVC).
- 2-year limited warranty.

Sheet Waterfall Effect

The sheet effect creates an almost silent, glass-like sheet of water that projects away from the pool wall.

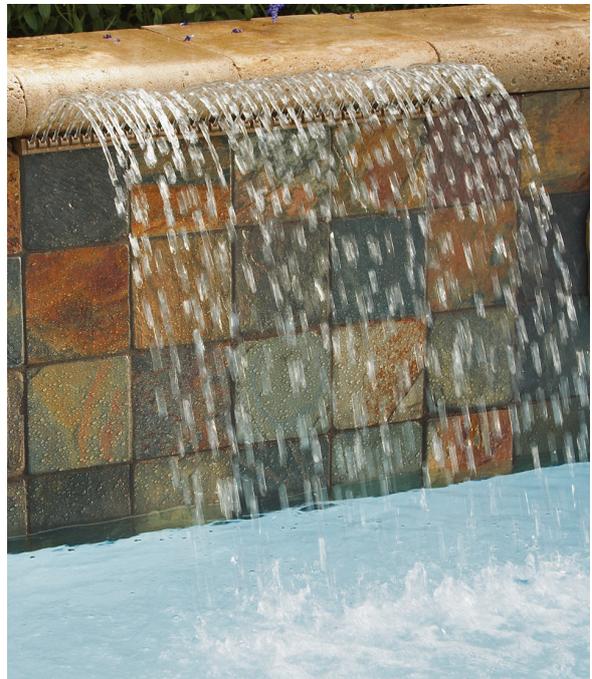

Arc Sheet Waterfall Effect

The arc sheet effect propels a smooth arc of water that projects up and away from the pool wall.

Rainfall Effect

The rainfall effect projects falling water that looks and sounds like a gentle spring shower.

Arc Rainfall Effect

The arc rainfall effect produces an arc of falling water that cascades into your pool like a summer rainfall.

MAGICSTREAM DECK JET I

WHEN WATER MOVES, MAGIC HAPPENS

Perhaps nothing else soothes the soul like the sight and sound of moving water. That's why water features are such a popular and fast-growing enhancement to pools and poolside environments. With the **Deck Jet I** water effects, you can add to the peace and tranquility of your poolside experience in a number of ways... more economically than ever before.

- Available with five distinctive spray patterns. Spray height and direction are easily adjusted to vary water effects. Streams reach to 2.5 m, allowing an endless variety of design options. Create water arches, blossom designs or whatever your imagination can conceive.
- Attractive installation with no unsightly or unsafe edges or screws. Jets install flush to surfaces to virtually disappear from sight. Deck Jet water effects can be cast into concrete decks and gunite pool walls, mounted in the sidewall of aboveground and vinyl-lined pools, or integrated into surrounding landscapes.
- Jets are easy to remove and replace to reduce long-term maintenance and allow new water effects.
- Deck Jets won't collect debris like competitive designs.
- 2-year limited warranty.

MAGICSTREAM DECK JET II

GRACEFUL ARCS, GENTLE SOUNDS

Deck Jet II creates a graceful arc of water that enters your pool with a gentle splash. The stream seems to appear magically from your pool deck since the jet installs flush and out of sight. The result is a visual focal point that's simply captivating and a soothing sound that enhances the serenity of your backyard escape. Install one or several jets to enhance the overall sensory experience of your pool landscape.

- Water stream height is adjustable to a maximum of 1.8 m. Water direction is adjustable up to 360°.
- Easy-to-adjust nozzles enable your creativity—concentrate all streams into a single entry point, overlap streams of different heights, or create a symmetrical, multi-stream archway... and more.
- Polished bronze-colored plates provide an elegant, quality finish. Deck Jet II can be cast into concrete decks or integrated into surrounding landscapes. Jets install flush to surfaces; no unsightly or unsafe edges.
- Quality design assures low water flow requirements and eliminates any concerns about standing water or unwanted debris collection.
- 2-year limited warranty.
